## CONSTRUCTION IMPACT NOTIFICATION

### Diamond Bar Boulevard and Brea Canyon Road Enhancement Project November 12-14 and November 18-21

*Major Traffic Delays Expected Due to Lane Closures;  
Driveway Access to Surrounding Businesses to Remain Open*

Dear Diamond Bar Resident/Business Owner:

Construction of decorative paver crosswalks – the final stage of the enhancement project to Diamond Bar Boulevard at Brea Canyon Road intersections – is set to get underway within the next two weeks.

The labor-intensive nature of this work and the types of materials being used will require extended construction hours and continuous traffic lane closures.

In order to minimize traffic impacts and maximize productivity, the City has authorized the project contractor to complete this final stage in two phases and over the course of two weekends – November 12-14 and November 18-21.

During these two weekends, construction activities will be taking place at Diamond Bar Boulevard and Brea Canyon Road. Although at least one through and one turn lane of traffic will remain open in each direction at all times for the first weekend and one combined thru/ right turn/ left turn lane in all direction for the second weekend, major traffic delays are anticipated. **Please refer to the map on the reverse side of this notice for more details.**

If your weekend travels involve passing through the construction zones, we strongly encourage you to seek alternate routes in order to avoid extensive traffic delays, and congestion along Diamond Bar Boulevard and Brea Canyon Road.

Please direct any questions or concerns to the Public Works Department: 909.839.7040 or [PublicWorks@DiamondBarCA.gov](mailto:PublicWorks@DiamondBarCA.gov).

Sincerely,

David G. Liu, P.E.
